

## **Club / Team accounts:**

SwimSupplies would like to help clubs and teams raise much needed funds by offering them the ability to earn cash in a number of ways. We have simplified our accounts giving them the flexibility that we know clubs need, allowing you to hold as much / as little stock as you like for re-selling to members.

New clubs will be placed on the Standard band initially; however we review this every quarter within the first year to ensure that you end up in the most appropriate banding. Your account will then be reviewed annually.

The basic principal: the more you spend the more you earn!

We do ask that new clubs signing up for an account with us pay in advance for the very first order, however for all subsequent orders you can make use of 30 days credit.

Your banding will be determined using the following criteria:

### **Banding**                      **Annual spend with SwimSupplies**

Standard	£0 - £750
Intermediate	£750 - £1500
Elite	£1501+

## **SplashBack from SwimSupplies:**

This affiliate scheme allows you to earn money for your club every time a member makes a purchase from the SwimSupplies website – [www.swimsupplies.co.uk](http://www.swimsupplies.co.uk) An easy, no risk way to raise funds for your club.

## **Club Accounts:**

Gives clubs the ability to buy products to re-sell to members. Buying this was usually gives greater rewards for the club, but with a greater initial financial outlay.

## **Open Meet Swim Shop Service:**

SwimSupplies are happy to attend your meet to run a swim shop. When we do we offer clubs cash back on sales & a gala pack appropriate to your banding. Another easy, no risk way for the club to raise funds.

**Interested in a club account? Please contact us to discuss your needs.**
